IP Address Request and Justification Form

Note: Completion of this form is mandatory when requesting additional IP addresses greater than the amount of eight (8) that are already assigned to your server.

Surpasshosting.com, Inc. abides to the policies of the American Registry for Internet Numbers (ARIN) regarding IP address allocation. As part of standard service provided, Surpasshosting.com will assign the amount of IP addresses that customers can justify for use on their hosting server(s). Written justification for any IP address(ess) requested is required so that we can demonstrate to ARIN that IP addresses allocated to Surpasshosting.com are being used efficiently.

IPs may be ONLY allocated for physical servers or cases where name-based hosting is not possible due to technological limitations not yet overcome such as SSL. IPs may not, categorically, be allocated whereby not all are used for a valid, ARIN-mandated, purpose. Many providers run out of their IP address space and are unable to get any more, if less than 80% of what they are assigned is being used. This is a result of customers requesting more IP addresses than they actually need, or abuse IPs by using them where name-based hosting should be used instead (ARIN has been truly cracking down on this abuse over the last six months especially). We are a responsible internet citizen and will use and allocate IP addresses only as justified.

If you can justify any number of IP addresses, we will provide them to you. All we need is your justification: explanation of why you need each one, the domain it's for, and why can't you use name-based hosting for it instead. Remember, every provider has to follow these rules. We examine each and every IP request to see if the domain name you need it for is currently using services that require an IP such as SSL, Name Servers, anonymous FTP, etc. It takes a long time and often, if the request is for 100+ IPs, it may take a few hours to carefully examine the claim and arrive at the truly justified IP number we can allocate.

Please complete the form and submit it to the contact information outlined above to proceed with your request. If you have any questions about filling out the form, please contact our help desk (https://desk.surpasshosting.com).

Customer's Official Site: _____

Organization/Company name: _____

Address: _____

City: _____ State: _____ Zip: _____

Phone: _____ E-mail:_____

1) Main server IP address where additional IPs will be assigned:

_____

Server Host Name: _____

Note: If more than one domain, use first domain registered.

2) Current IP addresses:

Please state total number of IP addresses presently assigned to server: _____
Please state total number of IP addresses actively used by a domain(s):_____
Please state total number of IP addresses not actively used by a domain(s):_____

List current IP addresses assigned to this server and indicate how each individual one is presently being utilized and by which domain name:

Example:

1. xx.xx.xx.xx - DomainName.com – reason
2. 72.29.64.58- Surpasshosting.com – using static IP address for a SSL certificate

If more space is required, you may list additional IP addresses with present usage of such on a separate sheet of paper and attach it to the end of this form.

• Number of additional IP addresses required:

 A) Now: _____

• Number of additional IP addresses requested: _____

Note: If your organization already has IP address space assigned, you must utilize 80% before applying for more IP address space.

• Please use the space provided below to describe why you strongly believe or are confident you require the number of IP addresses requested in item 4.

Co-location clients: Please note that equipment behind firewalls does not require globally unique IP addresses.

_____
_____
_____
_____
_____

• Please list any additional domains, not yet listed above, requiring a dedicated IP address.

Example:

> *1. Domainname.com – reason*
> *2. Surpasshosting.com – needs dedicated IP address for a SSL certificate*

Note: the following are valid reasons for IP Address Justification: Private Name servers, Mail servers, Private FTP Access, SSL Sites. "I would not like my domains to share the same IP address," is not a valid reason.

1. _____
2. _____
3. _____
4. _____
5. _____

6. _____
7. _____
8. _____
9. _____
10. _____

• Confirmation of request:

I hereby certify that I am authorized to represent the organization named above and that the all the information provided on this form is true and correct to the best of my knowledge. I understand that Internet Protocol Version 4 address space is limited and that users of the Internet are responsible for conserving address space and ensuring that space is utilized efficiently.
